

RCPP\_MODULE

RSqrt

mpcr::operations::math  
::SquareRoot

```
graph LR; A[RCPP_MODULE] --> B[RSqrt]; B --> C["mpcr::operations::math::SquareRoot"]
```

The diagram illustrates a sequence of three components connected by arrows. The first component is a white box labeled 'RCPP\_MODULE'. An arrow points from it to a second white box labeled 'RSqrt'. A second arrow points from 'RSqrt' to a third, larger gray box labeled 'mpcr::operations::math::SquareRoot'.
