

MPRTile::ChangePrecision

```
graph LR; A[MPRTile::ChangePrecision] --> B[MPRTile::GetIndexColumnMajor]; A --> C[Dimensions::GetNRow];
```

The diagram illustrates a dependency or call relationship. A central node, 'MPRTile::ChangePrecision', is shown in a grey box. Two blue arrows originate from its right side. The upper arrow points to a white box labeled 'MPRTile::GetIndexColumnMajor'. The lower arrow points to a white box labeled 'Dimensions::GetNRow'.

MPRTile::GetIndexColumnMajor

Dimensions::GetNRow
